

Announces:

*Couple to Ride from Coast to Coast on Horseback,
To Raise Awareness and Support for Hearts Up Ranch*

Chasing her childhood dream of riding her horse across the country, ranch founders Jeannette McGrath and husband, Richard, will follow the American Discovery Trail from California to Delaware in 2010. The more than 5,000 miles will take one year to complete. They will be raising funds for the Grand Opening of Hearts Up Ranch, a non-profit, and hope to inspire others to follow their dreams.

***Hearts Up Ranch Mission:** To provide a safe and encouraging environment using animals, ranch activities, adventure, and the love of Christ to promote emotional healing.*
